Sefa Burak Torun

Full Stack Developer | Software Engineer

After graduating in civil engineering, I turned to the software industry due to my interest in technology. My aim is to develop myself and become successful in this field that I am interested in. In my opinion, my greatest qualities are my persistence and analytical skills. I enjoy keeping up with new technologies and constantly improving myself. I am a team player and open to continuous learning.

SKILLS

Front End: Javascript, React.js, Hooks, Context API, Redux, Axios, Yup, Jest, Cypress, HTML, CSS, Tailwind Css,
Back End: Java, Nodejs, OOP, Data Structures, Design Patterns,SQL,Git
Additional: Algorithms, Debugging, Deployment, Problem Solving, Figma, Teamwork

SOFTWARE PROJECTS

Spacex Launch , *Frontend Developer* - React   GitHub | Website

- I pulled the data from Spacex API and listed it on the site.

Favorite Movies , *Frontend Dev.* - React | Redux   GitHub | Website

- It is a project to add your favorite movies to the list from a movie list.

Twitter Backend Basic Clone , *Backend Developer* - Node GitHub

- I created a database in the project and my project contains the username and password registered in the database, user login, users, tweets and comments made related to that tweet.

Web Design , *Frontend Developer* - React   GitHub | Website

- In this project, I tried to replicate a design that has already been implemented. The project includes 3 different designs.

EXPERIENCE

Ninova İnsaat, Istanbul - *Civil Engineer*   2021-2021

- As a field engineer, I prepared daily reports, conducted project plan checks, and was involved in simple quantity surveys

Torunoğlu Mühendislik ve Mimarlık , Istanbul - *Intern Civil Engineer* 2021 - 2021

- I conducted the control and field inspection of the projects that were brought to our office

LC Waikiki , *Istanbul - Salesman*   2018 - 2020

- I worked part time at the 3rd largest store of the brand.
