IT & Networking • Intern • Afaq01

Routinely maintained the network's components and equipment with common updates and advanced repairs.

*Dec 2022-*

Mobile Development • Flutter developer • Greenverse Software

Design and build sophisticated and highly scalable apps using Flutter

## KEY SKILLS

- Analytical/ Creative Thinking
- Agile/Scrum Methodology
- Mobile App Development & Web Development
  
- Proficient in writing code in C, C++, java, python
- Proficient in writing codes using object-oriented programming methodology
- Application development: Worked with both java/kotlin android studio, and dart/flutter

## COMMUNICATION

- English, Fluent  
Professional working Proficiency (C1)
- Turkish, Intermediate  
Limited working Proficiency (B1)
- German, Conversational  
Basic knowledge (A1)
- Arabic, Native

## SOME OF MY PROJECTS

### **Kotlin android studio:**

1. dice roller: *An app that has couple of dice on screen rolled when pressed on*
2. Recipe App: *An app with meals from an API project with added store feature.*

### **Flutter android studio:**

1. FlashChat: *A chatting app that uses FireBase/Firestore and the provider package.*
2. ShopApp: *An App that uses Firebase realtime database and provider statemangement to order everyday needs.*
3. TodoApp: *A to do list where user can add tasks and check/delete them.*
4. TimerApp: *A timer using the BloC statemangement.*
5. MovieApp: *An App that fetches movies using restApis with search and filtering.*
6. shoppingApp: *An App that uses the getit ,dio, Riverpod packages to order your needs from your favorite marketplace (RestApi, WebSockets)*

### **Web development:**

1. Hotel control website: *a website where the admin can see which rooms are full/empty, require maintenance, and needs cleaning.*
2. Video admin: *a website that starts with a login page which redirects the user to a page where user can add/remove video links that display and stored/deleted in the database user also can edit the links name in a different page*

## CERTIFICATES

Certificate of Completion Udemy's "The Complete Flutter Development Bootcamp with Dart"

Certificate of Completion Udemy's "Flutter & Dart - The Complete Guide"

Certificate of Completion Udemy's "Flutter BLoC - From Zero to Hero Complete Course"
